

**VAAWWA/VWEA Joint
Water Reuse Committee
and
VA AWWA Water Resources & Environment Committee
Presents:**

**Sustaining Our Water Resources -
Making the Case for Your Water Reuse Program**

Please join us in learning about:

- ❖ How the Water Resource Cycle involves you
- ❖ How Reuse improves the water resource forecast in your area
- ❖ Turning effluent into a commodity
- ❖ Gathering support from local residents, organizations, and utilities that are vital to the success of a reuse program
- ❖ Where to get the funding for a reuse program
- ❖ What are the key components in a successful reuse program

HOLD THIS DATE!!

June 8, 2010
8:00 am – 3 pm

Cultural Arts Center – Glen Allen
2880 Mountain Road
Glen Allen, VA 23060

The seminar will provide you with valuable program development tools, information central to understanding how water reuse is a vital part to the water resource cycle, and detailed insight into developing successful, defensible Reuse programs.

You will be receiving a detailed registration brochure on the seminar in the near future. For more information or to make an advance reservation for this very informative seminar contact Leita Bennett at (703) 485-8427.
