

Virginia Section AWWA

Leading, educating, and assisting Virginia's water community in the advancement of public health, safety, quality of life, and environmental stewardship

VA AWWA is a section of the [American Water Works Association \(AWWA\)](https://www.awwa.org/), an international nonprofit scientific and educational society dedicated to the improvement of drinking water quality and supply. Founded in 1881, AWWA is the largest organization of water supply professionals in the world. Its more than 50,000 members represent the full spectrum of the drinking water community.

- Provide extensive and effective training
- Encourage the professional development
- Aid state water utilities in effectively responding to extreme challenges
- Promote sound environmental and public health practices
- Support public awareness and education
- Recognize outstanding contributions to the drinking water field

WARN – Water and Wastewater Agency Response Network

- Each State has established a WARN network based upon the principle of utilities helping utilities.
- Recognizes that Utilities have common needs and concerns from Natural Disasters and Human-Caused Disasters
- VA WARN is a voluntary network of Utilities.
- The WARN networks are organized within a state through standardized mutual aid agreements to help each other with personnel and resources
