

HEROISM AWARD

Purpose

This award shall constitute recognition of an act of heroism on the part of an employee(s) in the water utility or wastewater utility profession.

Military duty, in and of itself, while certainly commendable and honored, will not be considered for this award.

Nominee Eligibility Requirements

To be eligible for this award the rescuer(s) must, within the past 12 months, have performed a significant rescue act either on or off the job toward saving another person or persons from loss of life or extreme injury, and in the process, must have placed himself/herself at great personal risk.

Each award may be presented to an individual member of any grade of VA AWWA or VWEA membership or an employee of any water or wastewater utility, whether or not that utility holds membership in AWWA or VWEA.

The Virginia Section AWWA award requirements match the AWWA National award requirements. This will allow VA Section AWWA awardees to be submitted to and be considered for the award at the National level.
